

HLG-MOS SPRINT SESSION

Innovative organizations: Strategies to stay relevant

21 November 2017, Geneva, Switzerland, Room VIII

Chair: Pádraig Dalton

(Chair of the High-Level Group for the Modernisation of Official Statistics and Director General of the Central Statistical Office, Ireland)

09:00	Welcome and introduction to the sprint - Pádraig Dalton
	Session 1: What do we want to innovate?
	(Innovative products and communications)
	Chair: Emanuele Baldacci, Eurostat
	National Statistical Offices (NSOs) need to innovate to both prepare for change and to make change. The session will look at the most pressing challenges for NSOs at the moment and discuss what kind of innovations could help mitigate them.
09:15	Presentations (2x10 minutes) Mexico and the United Kingdom
09:35	Group discussions
10:10	Reflection at plenary
10:40	Coffee break
	Session 2: How do we innovate? (Innovative partnerships) Chair: Giorgio Alleva, ISTAT (TBC)
	Innovation requires an environment where people with different interests and backgrounds can come together and share their ideas. This session will look at how NSOs can stimulate innovation through partnerships, identify potential partners, and develop and nurture those connections.
11:00	Presentations (2x10 minutes) the Netherlands and New Zealand
11:20	Group discussions
12:00	Reflection at plenary
	·
12:00	Reflection at plenary
12:00	Reflection at plenary Lunch break Session 3: The role of the Chief Statistician (Innovative leadership)
12:00	Reflection at plenary Lunch break Session 3: The role of the Chief Statistician (Innovative leadership) Chair: Genovefa Ružić, Slovenia Developing an environment open to innovation includes everything from recruiting the right people and building diverse teams to promoting a culture that cultivates creativity and isn't afraid of failure. This session will focus on how innovation can be encouraged within NSOs and what role the chief statistician plays in creating an innovative organization.
12:00 12:30	Reflection at plenary Lunch break Session 3: The role of the Chief Statistician (Innovative leadership) Chair: Genovefa Ružić, Slovenia Developing an environment open to innovation includes everything from recruiting the right people and building diverse teams to promoting a culture that cultivates creativity and isn't afraid of failure.
