Our website is a part of the Statistics Poland Research Portal where you can also find news about statistical conferences, microdata sets available for scientific purposes, and peer-reviewed journals and monographs published or co-published by Statistics Poland: [research.stat.gov.pl](https://research.stat.gov.pl)

**Published since 1956**

**About 40 scientific articles per year**

**Languages of publication: Polish and English**

**Publisher: Statistics Poland (GUS) in cooperation with the Polish Statistical Association (PTS)**

*Wiadomości Statystyczne. The Polish Statistician* figures on the Ministry of Science and Higher Education's list of Polish and foreign ranked scientific journals, therefore having articles published in our journal contributes to the author's scientific achievement

## ABOUT THE JOURNAL

*Wiadomości Statystyczne. The Polish Statistician* (WS) is a monthly featuring articles which present methodological studies focused on practical solutions, statistical analysis and evaluation of socio-economic phenomena, interdisciplinary studies, as well as issues from areas such as statistical education and the history of statistics.

Apart from scientific articles, our journal also features reports from scientific conferences and reviews of books and studies in the field of statistics and its applications.

WS is present in many indexing databases and repositories, including CEEAS, CEEOL, CEJSH, EBSCO Discovery Service, ERIH Plus, and The Nordic List.

### JOURNAL'S SECTIONS

- Methodological studies
- Statistics in practice
- Interdisciplinary studies. Research challenges
- Statistical education
- From the history of statistics
- Discussions. Reviews. Information

The journal is addressed to people interested in the development of statistical thought and the role of statistical practice in the information system of a country; in particular, to: scientific community of statisticians and economists, teachers, students and people working within the structures of official statistics and in social institutions.

## SUBMISSION OF ARTICLES

*Wiadomości Statystyczne. The Polish Statistician* publishes articles in Polish and English.

The authors do not receive any remuneration or pay any fees for publishing articles in the WS.

If you would like to have an article published in our monthly, you are welcome to send your work by electronic mail to: [redakcja.ws@stat.gov.pl](mailto:redakcja.ws@stat.gov.pl).

Prior to the submission of an article, we recommend visiting our journal's website: [ws.stat.gov.pl/ForAuthors](http://ws.stat.gov.pl/ForAuthors) for detailed guidelines concerning the editorial and review process and the article template.
