Making progress in measuring progress

Providing guidance on measuring the achievement of the Sustainable Development Goals.

GLOBAL COMMITMENT
The global commitment to transforming our world requires a global commitment to reporting and sharing data.

SHARED FRAMEWORKS
Use the IAEG-SDGs global list of indicators as a starting point for global reviews and nationally relevant in-depth analysis.

LEAVE NO ONE BEHIND
Create new partnerships for more customized and localized data, innovative partnerships are needed to fill data gaps.

UNDERSTANDING METADATA
To understand the data, you need to understand how they are collected and compiled.

BEYOND OFFICIAL STATISTICS
Improving the quality of SDG indicators will improve the quality of official statistics in general.
Making progress in measuring progress

Providing guidance on measuring the achievement of the Sustainable Development Goals

NEW DATA SOURCES
Corresponding legislative frameworks should grant NSOs access to new data sources.

THE ROLE OF NSOs
NSOs have a role to play as main information hubs, NSOs are the central coordination bodies of official statistics.

INNOVATIVE SOLUTIONS
Lessons learned from the COVID-19 outbreak: the need for modernization and innovative solutions.

CAPACITY DEVELOPMENT
Capacity development should be a continuous process.

PARTNERSHIP IS KEY
Cooperation and partnership are key if we are to leave no one behind.
