

Management Considerations for Transitioning from PAPI to CAPI

Virtual Regional Workshop
12th – 23rd September 2022

Dr. Mitali Sen, Dr. Fabián Romero, and Dr. Maria Aysa Lastra
International Programs Center, U.S. Census Bureau

Welcome and Introductions

- Welcome to this virtual workshop on *Management Considerations for Transitioning from PAPI to CAPI*
- We wish that you were not in a state of war and wish the Ukrainian people the very best
- In the interest of time – Please select one spokesperson from your organization who will introduce themselves and their colleagues

Objective of the Workshop

By the end of the workshop, **you** should be knowledgeable about management considerations regarding –

- The advantages of CAPI over PAPI
 - Various considerations – management, timelines, coordination, budget methodology, workflows, procurement, field operations, data capture, data security and dissemination
 - U.S. Census Bureau’s tools to assist with implementing CAPI censuses and sample surveys of the population (households), including TASC, TAPEC, CPro, DAPPS, etc.
 - Challenges related to the transition
- By the end of this workshop, **we** should be more knowledgeable about –
- Your organization and your work
 - Your future plans
