

Table 1. The 2008 SNA Implementation Plan Components

This document contains a 2008 SNA implementation table that includes the main stages and components to be taken into account in the implementation plan.

The implementation table includes the following main stages and milestones:

The main stages and milestones of the implementation plan

STAGE 1:	Review of national or regional statistical strategic papers to include there the 2008 SNA implementation
STAGE 2:	Review of work needed to support implementation of the 2008 SNA
STAGE 3:	Development of National Accounts and changeover to the 2008
	Milestone 1. Basic indicators of GDP
	Milestone 2. GNI and other primary indicators
	Milestone 3. Institutional sector accounts: first step
	Milestone 4. Institutional sector accounts: intermediate step 1
	Milestone 5. Institutional sector accounts: intermediate step 2
	Milestone 6. Institutional sector accounts: final step

The table aims to help countries in the development of an implementation plan. Stage 3 includes all milestones for the full implementation of the 2008 SNA. However, not all Milestones may be reflected in the implementation plan in the short or medium term, depending on the current development of the national accounts.

The table was presented to the participants during the workshop on Implementation of the 2008 SNA in Kiev (29 Nov-2 Dec, 2011). As a result of discussion the participants have agreed to complete the tables based on information on implementation plans of the 2008 SNA in their countries (after necessary discussions within the statistical office as well as with other producers of economic statistics in the country) and to sent the tables to UNECE by mid-February 2012.

UNECE will use the completed tables from countries for planning of further activities to support the implementation of the 2008 SNA.
