Adoption of detailed action plan for 2008 SNA.	Planned, being discussed	Preparation of a medium-term plan for the implementation	Adopted detailed plans for 2012-2013 and 2014.	-	Not necessary	2014-2016
STAGE 2 - Review of work needed to support implementation of the 2008 SNA						
Adoption of new classifications and other improvements in business registers and business statistics	Completed	Introduction of the CCEA-2 classification	Implementation in practice of the approved CCEA version 2 (based on NACE ver.2) and classification of commodities based on CPC version 2.	Improvement of national accounts calculations based on updated classifications	-	2014
Changes in business	On-going	Revision of the	Changes in statistical questionnaires	Study of necessary input data to	Training,	on a regular

¹ Not available yet, discussed, planned, on-going, finished, etc.

	Status 2012 ¹	Main problems and planned activities in 2012	Progress made since 2012	Outstanding problems and future activities	Need for TA, training, guidelines	Planned timeframe
statistics surveys and questionnaires to collect the necessary source data		statistical reporting forms in order to create an information base for the implementation of the 2008 SNA.	to reflect information needs on R&D expenditure and estimation of imputed rent	reflect insurance services	experience of other countries	basis
Adaptation of administrative data sources to new requirements	Planned	Cooperation with other institutions	Transition to updated versions of GFSM and BPM has been discussed in the workshops participated by representatives of relevant ministries and official agencies, that are members of the Working Group on the implementation of the 2008 SNA	Harmonization of administrative sources of government finance statistics, balance of payments and monetary statistics	Guidance, experience of other countries	2014-2016
IT and other changes. Staff resources.	On-going	Training of employees on the implementation of the 2008 SNA	Several employees were participated in training abroad, including e-learning courses on the 2008 SNA	Further training of employees	Training, experience of other countries	on a regular basis
STAGE 3 - Development of National Accounts and changeover to the 2008 SNA						
Main priorities for SNA implementation						
Outstanding issues from 1993 SNA	On-going and planned	Discrete quarterly GDP estimates, financial account	Experimental calculations of GDP on a discrete basis have been conducted	Development of the financial account, Balance Sheet and the other changes in assets	Guidance, training, experience of other countries, technical assistance	2014-2017
New issues arising from the 2008 SNA	On-going and being discussed	FISIM, R&D, CB output	An assessment of the impact of major changes from 2008 SNA on GDP in: CB output, FISIM and R&D for years 2010 to 2012	Calculations have been carried out in accordance with the guidelines of the 2008 SNA: insurance services; goods sent abroad for processing; merchanting; public sector	Guidance, training, experience of other countries	2014-2017
Main issues affecting GDP						
i. Discrete quarterly GDP estimates	On-going	Included in statistical work plan, data sources	Experimental calculations of GDP on a discrete basis have been conducted	Making the necessary changes to statistical questionnaires to obtain data on a discrete basis	Training, guidance, experience of other countries	2014-2017

	Status 2012 ¹	Main problems and planned activities in 2012	Progress made since 2012	Outstanding problems and future activities	Need for TA, training, guidelines	Planned timeframe
ii. Recording market and non-market CB outputs	Being discussed	Estimation of non-market CB output based on costs, obtaining information needed	Implemented into practice	-	Not necessary	-
iii. Improvement of FISIM calculations	Calculation is based on 1993SNA, Transition to 2008 SNA is being discussed	Preparation of the information base	Experimental calculations based on the 2008 SNA	Fully implemented in practice	Not necessary	2015
iv. Changes in recorded expenditure on R&D	Being discussed	Preparation of the information base	An assessment of the impact on GDP has been conducted; needed changes were made to questionnaires	Fully implemented in practice	Not necessary	2014
GNI and other primary indicators						
For rest of the world – external accounts of primary income and current transfers, capital and financial accounts (BPM 6)	Compiled, financial account is planned	Closer cooperation with other institutions (on data sources, coverage, methodology, quality)	For the rest of the world all accounts are compiled, except for the financial account	Financial account	Guidance, experience of other countries	2014-2017
Institutional sector accounts (non-financial accounts)						
For all institutional sectors – Production to Capital accounts	Compiled (In accordance with the 1993 SNA)		-	Compiling accounts in accordance with 2008 SNA	Guidance, experience of other countries	2014-2017
Institutional sector accounts: Financial account						
For all institutional sectors – Financial account	Planned	Development of the financial account, cooperation with other institutions	-		Technical assistance, guidance, training, experience of other countries	2015-2017
Institutional sector accounts: Balance sheets						
For all institutional	Not available		-		Technical	2014-2017

	Status 2012¹	Main problems and planned activities in 2012	Progress made since 2012	Outstanding problems and future activities	Need for TA, training, guidelines	Planned timeframe
sectors – Other changes in assets account, Balance sheets	yet				assistance, guidance, training, experience of other countries
