Welcome to the Statistics for SDGs Public Wiki!

This Wiki is maintained by the Conference of European Statisticians’ Steering Group on Statistics for SDGs. It provides links to materials that become available during the Steering Group’s work and that can be useful for countries and organization in the work related to statistics for SDGs. For questions or additional information, please contact jonathan.gessendorfer@un.org.

Organization of the CES Steering Group on SDGs

The 2015 plenary session of the Conference of European Statisticians (CES) decided to launch work on a Road Map for the development of official statistics for monitoring SDGs. To prepare the Road Map and monitor its implementation, the CES Bureau set up a Steering Group on Statistics for SDGs in October 2015.

Road Map on Statistics for Sustainable Development Goals

The Road Map supports the implementation of the Declaration on the role of national statistical offices in measuring and monitoring SDGs, adopted by the CES in June 2015. Its second edition was adopted by the CES in 2021.

The Steering Group

The Steering Group is currently co-chaired by Poland and Sweden. UNECE acts as a secretariat of the Steering Group. The terms of reference and membership can be found here.

Task Teams

Task Teams are organized as needed to address in-depth topics identified by the Steering Group, according to its terms of reference. Statement of purpose, membership, and work programs can be found on the respective sites below.

- Task Team on Data Transmission
- Task Team on Capacity Development
- Task Team on Communication
- Completed Task Teams

Steering Group and Task Group members collaborate on developing work products using the UNECE private wiki. For questions or additional information, please contact jonathan.gessendorfer@un.org.

Upcoming meetings

Meetings
