UNECE Regional Forum on Sustainable Development

Annual UNECE Regional Forum on Sustainable Development

Focusing on practical peer learning, the Regional Forum creates a space to share policy solutions, best practices and challenges in the implementation of the Sustainable Development Goals. The outcomes feed both into national and global processes. Discussions at the forums foster mutual learning and help countries accelerate national progress in implementing the 2030 Agenda on Sustainable Development. The Chair’s summary of each Regional Forum provides the region’s official input to the High-level Political Forum on Sustainable Development.
