

# Library of Statistics Training Materials: Home

1. Demographic and Social Statistics

2. Economic Statistics

3. Environment & Multi-domain Statistics

4. Methodology of Data Collection, Processing, Dissemination & Analysis

5. Strategic and Managerial Issues of Official Statistics

*This library is a place to find and share training materials on statistics. Most of the materials have been developed by national and international statistical organizations.*

Please send any comments, suggestions or questions to [support.stat@un.org](mailto:support.stat@un.org)

### **Browse training materials by topic**

The training materials in this library are divided into topics and sub-topics which are broadly in line with the categories used in the [Classification of Statistical Activities](#).

### **Browse training materials by type**

Look for presentation slides, documents, videos, software, websites and other types of material that can be adapted and re-used for your own training needs.

**Search for training materials**
