The 2016 Data Collection Workshop ‘Visions on Future Surveying’ was held from 3 to 5 October in the Hague, the Netherlands. It was hosted by Statistics Netherlands (CBS).

It was organized back-to-back with the Workshop on Statistical Data Dissemination and Communication (5-7 October), with a joint day. Over 135 participants from nearly 50 countries and 60 organisations attended the event. The Data Collection Workshop consisted of 30 presentations in 5 sessions. There were four discussion rounds and in a special event on the joint day 15 teams challenged each other in producing tangible output.
