CSPA Implementation Workshop 2016

The Joint UNECE / Eurostat Workshop on Implementing the Common Statistical Production Architecture was held in Geneva, Switzerland, at the premises of the United Nations, from 22-24 June 2016. It was organised in the context of the work of the High-Level Group on the Modernisation of Official Statistics, to promote the use of the Common Statistical Production Architecture (CSPA), to facilitate the sharing of ideas and plans for modernising statistical production, and to identify opportunities for international collaboration activities. For more information please see:
