National Activities

To describe progress and exchange experiences among countries, the Steering Group has conducted regional analyses.

• UNECE Progress in Implementation of Regional Road Map for SDG Statistics | PPT (June 2018)

  This site summarizes country activities recommended by the CES Road Map, such as:
  1. preparing a national road map
  2. conducting a national assessment of statistics for SDGs
  3. monitoring statistics for SDGs (such as through an national reporting platform)
  4. preparation of voluntary national reviews
  5. selection of national indicators
  6. development of national communication strategy for SDGs
  7. preparation of national capacity development plans (to come)

  Links are provided and updated on a flow basis.
