This document provides a description of the GSDEM.

1 Executive Summary

2 Introducing the GSDEM
   2.1 Background
   2.2 Statistical Data Editing Process
   2.3 Common Terminology
   2.4 Topics Covered in the Remainder of This Document

3 Functions and Methods
   3.1 Introduction
   3.2 Functions
   3.3 Methods
   3.4 Practical Solutions

4 Metadata for Data Editing Process
   4.1 Introduction
   4.2 Process Input Metadata
   4.3 Process Output Metadata
   4.4 Input and Output Metadata by Function Types
   4.5 Metadata Summary Table
5 SDE Flow Models

5.1 Introduction
5.2 Elements of the Process Flow Models
5.3 SDE Process Flows under Different Scenarios

6 References
