

Maturity Models

The following maturity models have been created for use by the official statistics community. Please note that some of the first maturity models to be developed used slightly different dimensions.

Modernisation standards for official statistics

Generic Activity Model for Statistical Organisations (GAMSO)

Generic Statistical Business Process Model (GSBPM)

Generic Statistical Information Model (GSIM)

Common Statistical Production Architecture (CSPA)

- These maturity models can all be [found here](#) (please scroll down!)

Risk Management in Statistical Organizations

[Risk Management Maturity Model](#)
