EESW21

The European Establishment Statistics Workshop 2021

14 - 17 September 2021, Virtual Event

The seventh biennial European Establishment Statistics Workshop (EESW21) is a prime European opportunity to collaborate with like-minded official statistics methodologists, academic researchers and private sector professionals in the fields of business, economic and other areas of establishment statistics. The overarching theme of the workshop is **Adapting establishment statistics to new conditions.** We welcome contributions on all topics related to establishment statistics: from designing, collecting and estimating statistics to their use and dissemination.

EESW21 is virtually hosted by Statistics Netherlands and the Office for National Statistics.

Time:

The workshop will consist of four afternoon (CET) sessions from 14-17 September 2021.

Location:

The workshop will be online only.
